

Lewiston Nez Perce County Airport Pilot / Controller Forum & Safety Seminars

The annual Air Traffic & pilot forum where you get to ask the questions and learn from the Controllers who work the LWS tower. As an owner-pilot there are 32 things you are allowed to maintain before you need intervention from a A&P mechanic. Do you know what they are and how to do the tasks? Aeronautical Decision Making, or ADM. When did we start thinking about ADM? What have we done about it? Have you ever made a big mistake? Helpful hints on how we learn and how to find more information.

Directions: The forum & safety seminars will be held in the EAA Hangar Building.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
